8MP TOUCH-SCREEN CAMERA PHONE

SAMSUNG'S PIXON OFFERS SIMPLICITY OF TOUCH AND FEATURES OF AN 8MP CAMERA

Price: Rs 28,750

Samsung Mobile has introduced India's first 8-megapixel touch-screen camera phone, the Pixon (M8800). The Pixon features the latest camera functions found in digital cameras, like advanced shake reduction, blink detection, smile detection, face detection and panoramic shot. The photographs taken on the phone can be edited and you can even make a photo memo by scribbling on the photos.

The phone facilitates easy mobile blogging and makes it fun to see and share pictures—just by tilting the phone, pictures scroll through for a great viewing experience. It is also capable of video recording and has TV output for both PAL and NTSC systems.

LUXURY MOBILE PHONE

AURA BY MOTOROLA FEATURES THE WORLD'S FIRST CIRCULAR DISPLAY

Inspired by luxury watches and hand-crafted design, Motorola India has introduced AURA. Classic design, the world's first 16-million-colour, circular display with 300dpi resolution and fine craftsmanship make AURA ideal for trendsetters.

Technical precision and mechanical excellence are met with a Swiss-made main bearing and more than 200 parts that create a seamless opening for the handset. The quality of a photographic print is assured with the brilliant interplay of 16 million colours and 300-dpi resolution on the round display. Capped with a Grade 1, 62-carat sapphire crystal lens—one of the

Price: Rs 111,492

most scratch-resistant materials on the earth—AURA is simply elegant.

The hand-sculpted richness of AURA can be felt in its stainless-steel housing, textures and patterns chemically etched into its surface.

iPod SPEAKER DOCK

SURROUND YOURSELF WITH MUSIC AS LOGITECH LAUNCHES PURE-FI EXPRESS PLUS WITH OMNIDIRECTIONAL ACOUSTICS

If you love to dock, charge and listen to your iPod or iPhone, now you can enjoy rich, articulate sound with minimal distortion from every corner of your room. Logitech has launched the Pure-Fi Express Plus omnidirectional speaker for iPod or iPhone. Found only in expensive home-theatre systems, its omnidirectional acoustics transmit sound evenly in all directions.

For added portability, Pure-Fi Express Plus can run on AC or battery power and includes an integrated handle, making it easy to take your music from room to room. The new

Logitech dock also features a wireless remote. With a range of up to 10 metres, the remote lets you instantly adjust volume, play, pause, fast forward and rewind, while offering shuffle and repeat buttons.
