

SURVEILLANCE SOLUTION FOR HOME

KOBIAN'S ESPIAL COMBO KIT IS AN ALL-IN-ONE SYSTEM WITH LCD MONITOR

Kobian has launched a range of Mercury Espial surveillance products in India. The products consist of surveillance cameras for homes, offices and shops.

Features & USP. The Espial combo kit is an all-in-one system providing customers live viewing directly on an 18cm LCD monitor. It has an anti-vibration design for vehicle and transportation surveillance as well.

The Espial kit is a unique proposition with Mercury digital video recorder (DVR) and IR remote control, along with four to 16 cameras depending on the requirement of the user. The DVR is powered with true triplex functionality, which allows playback, record, display

Price:
DVR (8 channel) Rs 14,000
DIY KIT (4 channel) Rs 24,000
Combo (4 channel) Rs 19,750

and network. It allows backup on USB drives, CD-RWs, DVD-RWs and SATA HDDs too.

WIRELESS MP3 PLAYER

THE TANGLE-FREE SONY NWZ-W202 FITS COMFORTABLY BEHIND THE HEAD

Sony India has launched a wireless MP3 player—NWZ-W202. Targeting the youth, the W series offers superb music quality.

Price: 4,990

Features & USP. This tangle-free, light-weight (35gm) device fits comfortably behind the head. Available in five colours, it features 2GB internal storage. There is no traditional display to this MP3 player. Instead, it has Sony's ZAP-PIN function that offers an effortless way of browsing and listening to music without a display. By clicking the 'jog dial' operation on the inside earpiece, the ZAPPIN mode helps to find tunes easily. The MP3 player also offers a quick battery-charge feature, allowing you to play up to 90 minutes of music with only a 3-minute charge. With a full charge, you can enjoy up to 12 hours of music playback.

You can be assured of the clear sound with Sony's 13.5mm EX headphones offering exceptional sound quality and maximum comfort. In addition, the content transfer software, supplied with the W series Walkman, allows you to easily transfer non-DRM music files from online music services like iTunes by simply dragging and dropping files.

DUAL-MODE WINDOWS MOBILE

SPICE D-1111 IS A BLEND OF FUN FEATURES INCLUDING EMBEDDED NIMBUZZ

Spice Mobiles has launched D-1111—a dual-mode (GSM+CDMA) Windows mobile with VAS applications.

Features & USP. The mobile is based on Windows 6.0 platform with 2-megapixel camera, stereo Bluetooth and expandable memory up to 2 GB. Users can check their mails at a single touch via the push mail feature.

Spice D-1111 is a comprehensive blend of fun features including embedded Nimbuzz, using which one can login for multiple chat accounts (like Yahoo, MSN, Gtalk, etc) in a single window at the same time. The handset features MITR—a single interface application for WAP browsing experience. It also features Sulekha, which helps to access the world for locating travel services, food

joints, etc. Other applications include cricbuzz.com for live cricket updates, naukri.com and jeevansaathi.com. The phone comes with a pack of free 512MB memory card, leather pouch and a screen guard.

Price: Rs 18,499
