

Vector Network Analyzer

FEATURES

- 300 KHz – 3 GHz range
- 1mHz resolution
- Full s-parameter test set
- Time domain facility
- Instrument status, calibration data, trace data can be stored on an external USB drive
- 10.4 inch TFT Colour LCD Display
- Touch Screen Function
- Internal Hard Disk Drive, 2 USB Port, Ethernet, Key Board Port, Mouse Port, Print Port, Video Port

Application

- Measurement for Power Amplifiers & RF Filters, RF Antennas, RF Cables
- Test for Telecommunication Repeaters
- Development and Test for New RF Products in R&D
- Measurement for RFID Tags and Antennas

Major Test Function

Full Range of S-Parameter (S_{11} , S_{21} , S_{12} , S_{22}), Log Magnitude, Linear Magnitude, Phase, Expanded Phase, Group Delay, SWR, Real, Imaginary, Polar, Impedance, Reflection Admittance, Transmission Admittance

Falcon T&M product range includes Multimeters, Function Generators, Analog Oscilloscopes, Digital Oscilloscopes, Network Analyzer, Spectrum Analyzers and Power Supplies, PCB Equipment.

Falcon also manufactures educational trainer kits for Data Communication, Network Laboratory, Fiber Optics, Digital Communication, Analog Communication, Telephony and Antenna, Radar & Satellite Communication.

Dealers and distributors are welcome.
Required experienced people for handling
sales & service of test and measuring instruments.
