ZMD

ZMD Germany : Temperature Sensor IC

www.zmd.de

- Best way to source components which are hard to find, obsolete or allocated by manufacturer.
- Dealing and handling of all types of packages like Thru Hole Packages like DIP, SIP, TO etc and Surface Mount like BGA, PLCC, QFP, SOP, TSSOP etc.
- Making available IC's in all temperature range from commercial to industrial and military grade.
- Providing data sheets and technical details for almost all types of semiconductors be it obsolete or new products.
- Delivery within four working days from any corner of the world.
- Dealing in almost all manufacturers from Analog Device to Zilog.
- Delivery of high quality components sourced from Europe and USA.

We can supply electro-mechanical parts for railways, auto industry & other industry. Strong sourcing for German, Russian, Korean, Taiwan & Japanese brands. Quick Delivery Option for Repairs & Maintenance Requirement
Bosch, Sakae Potentiometer, NAIS Relays, YAMATAKE Switches & Sensors, TURCK & many more

One source many solutions

We stock & sell all types of Electronic Components

Delivery: Immediate for stock parts. Delivery for non stock parts within 4days.
Regular shipments coming from all over the world : USA, Germany, Italy, Japan, Taiwan, Korea, Hong Kong, Singapore

Better delivery support with wide network of franchised distributors & stocking distributors

Support for small qty order for proto-designs & replacement
Expertise in SMD components

- Green Product (RoHS & Lead-Free) initiatives
- Customized long-term support programs
- Long-term price assurance contracts
- CENVAT benefit available
- USD billing from Hong Kong & Singapore
- Excess buy program
- Fully computerized billing & bar coded inventory

Customers are guaranteed an authorized and reliable source of parts, free of the dangers and issues related to the growing counterfeit and sub-standard product issues plaguing the semiconductor industry. Satisfied customers from all over India : Government, Automobile, Industrial & Consumer like Weighing Scales mfr., EMS, Access Control Instruments mfr., Process Control Instruments mfr., Consumer Electronic Goods mfr., Telecom Equipment mfr., Data Loggers mfr., etc.
