

Falcon Announce

## Launch of VLSI & Embeded Laboratory

# VLSI

### ➤ VLSI Training System include :

- **CPLD - 01** : CPLD Protoboard with device XC9572 P84 on board
- **FPGA - 01** : Spartan - III Protoboard with on board device XC3s400 PQ208C
- **DSP - 01** : Spartan - III based DSP in VLSI protoboard with on board Device XC3S400 PQ208C & special features as USB, Relay & Thermister interface

- Simulation software for Analog and Mixed Simulation
- PCB Design Software

### ➤ Embeded Training System include :

- ARM 7 / ARM 9 Training & Development Boards
- PIC Microcontroller Training & Development Board
- MCS - 51 Experimental Board
- Embeded software & other Development Tools

### Our Other Product Range :

#### Test & Measuring Instruments

Digital multimeters and calibrators  
Meters and testers  
Function generators  
Analog oscilloscopes  
Digital storage oscilloscopes  
Analyzers  
Power supply

#### Telecommunication Trainers

E- Manual  
Data Communication  
Network Laboratory  
Fiber Optics  
Digital Communication  
Analog Communication  
Telephony  
Antenna, Radar and Satellite

# FALCON

AN ISO 9001:2000 COMPANY

#### FALCON ELECTRO-TEK PVT. LTD.

Hema Industrial Estate, Near Meghwadi Police Station,  
Sarvodaya Nagar, Jogeshwari ( E ),  
Mumbai - 400060, INDIA
