

Risk Management

'Five Reasons' why you should use Exide **EL+** for your UPS

- Long life expectancy (8-10) years, and a **5year Warranty***
- Törr Tubular Spines cast under high pressure on world class HADI machines
- Advanced Technology for low maintenance and one-year topping up
- Highly resistant to adverse usage conditions and higher temperatures
- Exide's extensive network for best customer support services

Your requirements are critical and cannot be compromised under any circumstances. Long and frequent power cuts could embarrass you unless you have the right batteries as a back up. The EL+ is truly an ultimate product of superior technology specially customized for UPS systems by Exide's in house R&D to combat adverse operating conditions with least maintenance and topping up hassles.

Switch to EL+ and relax in peace for a decade!

*Valid for UPS applications, and purchases registered with Exide. *Conditions Apply.
