

Unbeatable in ease of Operation and Performance DSO- MSO

2 / 4 Channel Digital Oscilloscope, 8 / 16 logic channel MSO

- Graphically supported entry of logic trigger conditions
- Meaningful illuminated keys indicates current status
- Dedicated button to start FFT
- Navigation button - Move screen wise, go to trigger point, jump to start/ end point or simply scroll along
- 4 GSa / s Real time, 50 GSa / s Random sampling, low noise Flash A/D converter
- 2 Mpts memory per channel, memory Zoom up to 100,000:1
- 3 X USB for mass storage, printer and remote control
