HIGH-DEFINITION LCD TVs

THE NEW MOSER BAER LCD TVs HAVE BUILT-IN SPEAKERS FOR VIRTUAL SURROUND SOUND

Price: Rs 14,900 to Rs 57,900

Moser Baer has launched a new range of LCD TVs that includes

eight models.

Features & USP. The sleek and stylish full-HD and HD-ready televisions have A-Grade panels with integrated built-in speakers for virtual surround sound. In two of the eight new models, Moser Baer has also introduced a USB port to enable customers to enjoy MP3 version music files and view their favourite images on their television set.

CAMERA BASED ON NEW SENSOR

THE FUJIFILM FinePix F200EXR LETS YOU SELECT WHAT'S IMPORTANT IN THE PHOTO YOU ARE TAKING

Price: Rs 8,999

Fujifilm India has introduced the FinePix F200EXR digital camera based on the innovative EXR sensor technology.

Features & USP. The Super CCD

EXR sensor of the camera allows users to select what's important in the photo they are taking: high resolution, high sensitivity and low noise, or wide dynamic range. In addition, the camera features a Fujinon 5x wide-angle optical zoom lens, face detection 3.0, auto red-eye removal, five film simulation modes, a 7.6cm high-resolution 230,000-dot wide-view LCD, HD photo output, dual image stabilisation and super-high sensitivity of ISO 12800 (3 million pixels approximately).

PHONE WITH PUSH INTERNET

HTC TOUCH DIAMOND2 OFFERS AUGMENTED VIEWING OF E-MAILS AND WEBPAGES

HTC Corporation has rolled out the Touch Diamond2 mobile phone with push Internet technology.

Features & USP. The push Internet technology of the phone offers augmented viewing of e-mails, webpages, photos and text messages. Users can preselect their favourite websites to get immediate access to them. The phone has an 8cm high-resolution, wide-screen VGA display in a 1.4cm thick design. It also includes a touch-sensitive zoom bar for faster zooming of webpages, e-mails and text messages, a 5MP auto-focus camera, expandable memory, gravity sensor and ambient light sensor.

Price: Rs 29,990
