In the job advertisement, mention that we need persons having knowledge not only in computers, mobiles, Internet and cyber crime but also in recession!

A—Software engineer before the collapse of Satyam Computers; B—Software engineer after the collapse of Satyam Computers

We are teaching vedic software like Basic, WordStar and Lotus 1-2-3

My party has already banned smoking and drinking in public areas. If you elect me this time, I promise you that I will ban mobiles in public areas!
