POWER-SAVING LED HDTV

THE NEW SERIES FROM SAMSUNG IS SLIM & ARTFUL WITH INTERESTING FEATURES

Samsung India has launched three LED HDTV series—series 6 (101.6 cm), series 7 (116.84 cm) and series

8 (139.7 cm)—in the Indian market. According to the company, these LED TVs reduce energy consumption by over 40 per cent.

Features & USP. The LED HDTV series features ultra-high contrast ratios. It uses LEDs as its primary light source, avoiding the traditional cold-cathode fluorescent lamps. The series offer slim depths, artful designs and increased energy savings, and has a number of interesting features to reduce motion blur and image judder.

LCD TV WITH IPS PANEL

THE LG SCARLET 2.0 SERIES CUTS DOWN POWER CONSUMPTION AND IS BLUETOOTH-COMPATIBLE

Price:
47LH70-Rs 99,990
42LH70-Rs 79,990
32LH70 Scarlet 2.0-Rs 49,990

LG Electronics India (LGEIL) launched the Scarlet 2.0 series of LCD televisions in the Indian market in May.

Features & USP. The in-plane switching panel technology (IPS) of the TVs offers remarkable sharpness, faultless colour restoration and great viewing angles. The IPS panel is also claimed to be 30 per cent lower on power consumption. In addition to a slimmer design, measuring at 39.7 mm, the Scarlet comes with bluetooth compatibility.

The Scarlet 2.0 series is available in 119.4cm, 106.7cm and 81.3cm screen sizes. It offers a contrast ratio of 100,000:1. The picture quality with 100Hz full hi-definition is 500 times better than standard definition. The TV is DivX USB 2.0-enabled and has an enhanced 'clear voice' feature, with 12-level voice control (-6 to +6), enabling adjustment of voice frequency.

CELL WITH HINDU CALENDAR

THE S-5330 ALSO COMES WITH IBIBO SOCIAL NETWORKING SERVICE

Spice has launched a stylish, slim flip phone—the S-5330—in India.

Features & USP. Spice handset is the first to have Hindu calendar, allowing users to keep in touch with their Indian roots and religion. It provides accurate information about the important Hindu festivals, astrological occurrences and related religious information. The phone also supports four Indian languages—English, Bengali, Hindi and Telugu—and latest cricket updates, free news alerts and weather information from Reuters.

The phone comes packed with exciting features like a powerful MP3 player and FM recording, 3D-style display menu, 2GB expandable memory, mobile tracker and GPRS. Apart from these features, the Spice S-5330 comes loaded with Ibibio (a social networking service), Email2SMS and Mgurjee.
