TOUCH-SCREEN
SLIDER PHONE

THE NOKIA N97 IS TOUTED AS THE NEXT
'iPhone KILLER'

Nokia has launched a touch-screen slider phone, N97, which will be shipped to India by the end of this quarter.

Features & USP. The N97 will be Nokia's second touch-screen phone (the first one being Nokia 5800 XpressMusic) based on the Nokia S60 platform. This phone will be based on the Symbian S60 5th edition. It has an 8.9cm, 16:9 touch-screen. It is endowed with haptic feedback, a full Qwerty slideout keyboard, a 5-megapixel camera with Carl Zeiss Tessar lens and dual LED flash, up to 32 GB of storage, 16GB additional memory via microSD, stereo bluetooth connectivity and a 3.5mm headphone jack. The model is touted as the next 'iPhone killer.'

WVGA PDA PHONE

THE ASUS P835 OFFERS FIVE TIMES THE
NUMBER OF PIXELS OF MOST PHONES

ASUS has launched the P835 PDA
Aphone in India.

Features & USP. The PDA has an 8.9cm touch-screen running at WVGA resolution and boasts of fast HSPA 7.2Mbps download speeds, a responsive trackball that makes scrolling effortless and 'opera mobile' full-featured web browser. It also has a 5-megapixel camera and a fast connectivity option. Users can switch between 12-key, half-Qwerty and full-Qwerty virtual keyboard modes, choosing an input method that best suits their current task. Additionally, the phone can function as a Wi-Fi access point. It features an enhanced iteration of ASUS' glide—an intuitive and interactive mobile user interface.

PORTABLE DLP PROJECTOR

AT 2.3 KG, THE ViewSonic PJD5111 IS
LIGHT AND COMPACT

ViewSonic has launched
a new DLP projector—the PJD5111—in the
Indian market.

Features & USP. Integrating brilliant colour technology with native 800×600 SVGA resolution, it supports high-definition signals and projects 2500 lumens for clear images in most lighting conditions. The PJD5111 projector comes with a six-segment colour wheel, which enriches the yellow colour performance that is key to accurate and vivid colour reproduction.

At 2.3 kg, the PJD5111 is light and compact. The 'direct off' feature allows users to simply unplug the projector and go off without waiting for the usual 'cool down' phase. It also protects the lamp from sudden

Price: Rs 37,000

power blackouts. Incorporation of 'eco mode' further extends the life of the projector lamp by up to 4000 hours and helps reduce noise output. The projector comes with two RGB inputs and one RGB output, making it a multifunctional data/video projector. It is available from ViewSonic India's authorised distributor Redington India Limited.
