EFY SUMMIT 2009

'Unleashing New Opportunities: Indian Electronics Industry'

EFY SUMMIT 2009: A FIRST OF ITS KIND EVENT WHERE LEADERS FROM INDIAN ELECTRONICS INDUSTRY WILL GATHER UNDER A SINGLE ROOF

All industry reports are loud and clear in saying, "There's tremendous opportunity for growth in the Indian electronics industry." **Electronics For You Summit** will help senior business decision makers in 'Unleashing New Opportunities' and figuring out strategies for tapping them.

The Agenda

- Which product or customer segments promise growth?
- Which markets are still untapped?
- What's new in terms of technology for you to harness?
- What all is there in the Indian eco-system for you to benefit from?
- How to fund your expansion? When to go IPO?

Benefits of Attending

- Discover 'where' and 'how' to expand your business
- Discover 'untapped' markets and product segments
- Identify technologies that can change your industry
- Identify technology trends that can affect your markets
- Learn from success stories of others
- Meet and network with top-shots of the electronics industry

Who Would Attend

- Heads of organisations (CEO, Chairman, MD, Partner, etc)
- Senior heads of business units (VP, GM, Head R&D, Head Operations, etc)
- Senior sales & marketing professionals
- Policy makers related to ICT and electronics sector
- Infrastructure solution providers for ICT and electronics sector
- Banking & finance firms
- Anyone with an interest in the fast growing electronics industry
