A COMPACT WINDOWS MOBILE SMARTPHONE

HTC TOUCH2 COMES WITH UPGRADED TOUCHFLO USER INTERFACE

HTC Corporation has launched HTC Touch2, a compact and stylish smartphone, on Microsoft's new Windows Mobile 6.5 platform.

Features & USP. HTC Touch2 comes equipped with upgraded TouchFlo user interface that presents an enjoyable experience including 11-colour icons and a weather clock on the home screen.

It is also equipped with an internal GPS antenna that can support satellite navigation solutions including Google Maps.

HTC Touch2 Opera Mobile and IE Mobile provide you with an accurate display of desktop style Webpages, allowing you to view pages conveniently.

The zoom bar allows you to easily swipe your finger on your browser page or photo to view contents in an optimum size.

The HTC Touch2 comes with a special and exclusive offer for Reliance Mobile customers—free data usage of 200 MB per month for a period of six months.

Price:
Rs 24,490 (Maharashtra & MP)
Rs 22,490 (rest of India)

3G-ENABLED BLACKBERRY SMARTPHONE

RELIANCE MOBILE'S BLACKBERRY TOUR SMARTPHONE HAS INTERNATIONAL ROAMING SUPPORT AND FULL-QWERTY KEYBOARD

Reliance Mobile, in collaboration with Research In Motion (RIM), has launched the BlackBerry Tour smartphone for CDMA customers.

Features and USP. The 3G-enabled smartphone features international roaming support, a large, easy-to-use and full-QWERTY keyboard, in addition to its large bright display.

It includes a 3.2MP camera with flash, variable zoom, image stabilisation, auto-focus and video recording.

It also supports an HTML Web browser, including support for streaming audio and video (RTSP).

It features an advanced media player for videos, pictures and music; a 3.5mm stereo headset jack and support for Bluetooth stereo audio profile; support for up to 16GB cards and built-in GPS; and a removable and rechargeable 1400mAh battery for 5 hours of talk time and 14 days of standby.

Price: Rs 27,990

ENERGY-SAVING A3+ OFFICE PRINTER

EPSON STYLUS OFFICE T1100 OFFERS ADVANCED MICRO PIEZO PRINT HEAD TECHNOLOGY

Epson has launched its first A3+ capable office inkjet printer—the Epson Stylus Office T1100.

Features & USP. The Epson Stylus features the advanced Epson Micro Piezo print head technology with Epson DURABrite ultra-pigment inks that offer affordable, high-quality prints of up to A3+ size (329 × 483 mm).

The printer offers print speeds of 30 and 17 A4-sized pages per minute for black and colour printing, respectively. It is 'Energy-Star' certified for its low-power consumption of 26 watts when printing, which is up to three times lower than conventional laser printers.

Price: Rs 14,999
