

BHARTI AIRTEL LTD

Rs 373,521 mn (2008-09)

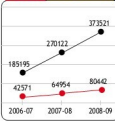

Bharti Airtel, the flagship company of Bharti Enterprises, is Asia's leading integrated telecom services provider with operations in India and Sri Lanka, and an aggregate of over 106 million customers as of the end of July 2009. The company is structured into three strategic business units—mobile services, telecom services and enterprise services. Bharti Airtel and South Africa's MTN Group are engaged in talks for a possible merger, estimated to be worth about \$20 billion. This could create a leading telecommunications service provider group aligning Bharti's Indian business with MTN's African and Middle Eastern operations. With the Government announcing plans to auction spectrum for 3G mobile services, Bharti Airtel is also planning to roll out its 3G services by October 2010.

TATA CONSULTANCY SERVICES (TCS)

Rs 273,859 mn (2008-09)

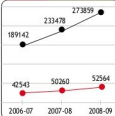

A part of the Tata Group, Tata Consultancy Services (TCS) is an IT services, business solutions and outsourcing organisation. TCS has over 140,000 of the world's best trained IT consultants in 42 countries. TCS recently bagged a part of the estimated \$1.5 billion deal from British oil major BP Plc. The company expects the deal to fetch an annual revenue of \$30-100 million over the next 3-5 years. The company also aims to double its Indian revenues to \$1 billion by 2013. Giving a fillip to the country's IT recruitment scene, TCS recently announced plans to hire 25,000 people globally this year, 90 per cent of which will be in India. The company is all set for a management shake-up that will see N. Chandrasekaran, the present chief operating officer and executive director, taking over as the company's new CEO and MD, with effect from 6 October 2009.

BHARAT SANCHAR NIGAM LTD (BSNL)

Rs 358,119 mn (2008-09)

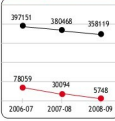

India's largest telecommunications company, Bharat Sanchar Nigam Ltd (BSNL) provides comprehensive range of services that include wireline, CDMA mobile, GSM mobile, Internet, broadband, carrier service, MPLS-VPN, VSAT, VoIP services and IN services. BSNL (a Government of India enterprise) provides telecom services across the country except in the major cities of New Delhi and Mumbai, which are covered by another state-run firm, MTNL. The company recently launched 3G mobile services in 155 cities, and is expected to expand its network to 700 cities across the country. India will hold a 3G spectrum auction later this year, but state-run firms have already been given one slot in each service area.
