

INFOSYS TECHNOLOGIES LTD

Rs 216,930 mn (2008-09)

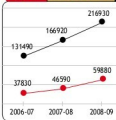

Infosys Technologies Ltd was started in 1981 by seven people with \$250. Today, it is a leader in the 'next generation' of IT and consulting with a global footprint. It has over 50 offices and development centres in India, China, Australia, the Czech Republic, Poland, the UK, Canada and Japan. In July this year, Nandan M Nilekani, co-chairman of Infosys Technologies, resigned from the company's board to join the Indian Government, in the rank of a cabinet minister. Nilekani was invited by Prime Minister Dr Manmohan Singh to head Unique Identification Authority of India (UIDAI). The company recently expanded its Global Education Centre (GEC) at its Mysore campus, making it the largest corporate education centre in the world. The company's total investment in the Mysore centre is Rs 2,055 crore.

HEWLETT-PACKARD INDIA

Rs 157,600 mn (2008-09)

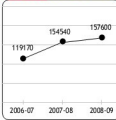

Hewlett Packard (HP) India, established in 1988, holds the distinction of being one of the first technology companies to set up a base in India. HP in India is one of the largest and most diverse sites for HP outside of the US. HP India became a billion dollar company in 2005 and continues to expand its operations. The company recently extended its product recycling programme in India beyond corporate customers to include consumers and small and medium-sized businesses (SMBs).

NEELAM DHAWAN
MD

This milestone adds India to HP's list of 50 countries in which the company offers product take-back services. In partnership with the Indian Institute of Hardware Technology (IIHT), HP recently launched the HP Software University in India. This is aimed at providing students with a competitive edge in the software testing industry.

HCL INFOSYSTEMS LTD

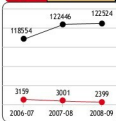

Rs 122,524 mn (2008-09)

HCL Infosystems Ltd is one of India's premier information enabling and ICT systems integration companies offering a wide spectrum of ICT products that includes computing, storage, networking, security, telecom, imaging and retail. HCL Infosystems Ltd aims to be a one-stop-shop for all the ICT requirements of an organisation. The company today has one of India's largest vertically integrated computer manufacturing facilities; with over three decades of electronic manufacturing experience. The company has been focussing on providing innovative banking and finance solutions for the Indian market. It recently bagged an order of over Rs 40 crore from the largest public sector bank, State Bank of India and its associates, to deploy, maintain and service ATMs. HCL will deploy over 1,000 ATMs and cash dispensers across the country. The state-of-the-art ATMs will come with enhanced features like Braille enablement and support for multi-lingual content.

VODAFONE ESSAR LTD

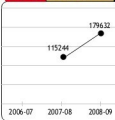

Rs 179,632 mn (2008-09)

Vodafone Essar is the Indian subsidiary of the Vodafone Group and commenced operations in 1994 when its predecessor, Hutchison Telecom acquired the cellular licence for Mumbai. The company now has operations across the country with over 78.68 million customers. Over the years, Vodafone Essar, under the Hutch brand, has been named the 'Most Respected Telecom Company', the 'Best Mobile Service in the Country' and the 'Most Creative and Most Effective Advertiser of the Year'. Earlier this year, Vodafone Essar managing director Asim Ghosh stepped down from his post after being at the helm for over 10 years. He, however, continues to be on the board of Vodafone Essar. To fund network expansion plans, the company recently raised a debt of about Rs 10,000 crore from the State Bank of India. The funds will be used for network rollout, broadband and wireless operations and some of it would be reserved for the 3G spectrum auction.

REDINGTON (INDIA) LTD

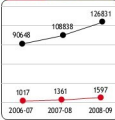

Rs 126,831 mn (2008-09)

Redington India Ltd, incorporated in 1961, commenced operations in 1993 distributing information technology products. Within a short span, the company has successfully positioned itself as a focused distributor with a significant reach across India, the Middle East and Africa. Redington, through all its subsidiaries, distributes products from over 40 leading manufacturers; services over 12,000 channel partners in India and 2800 channel partners in Middle East and Africa. In November 2008, Redington India transferred its Middle East and Africa (MEA) business, Redington Gulf FZE, Dubai, to its overseas subsidiary. Earlier this year, the company was selected by Canadian smartphone maker, Research in Motion (RIM), to establish a national retail distribution channel for its BlackBerry handsets.

IBM INDIA PVT LTD

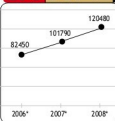

Rs 120,480 mn (2008)

Since its inception in 1992, IBM in India has expanded its operations considerably with regional headquarters in Bangalore and offices in 14 cities including regional offices in New Delhi, Mumbai, Kolkata and Chennai. The company has established itself as one of the leaders in the Indian information technology (IT) industry. IBM is supposed to be the only IT company in the world and in India that offers end-to-end solutions to customers from hardware to software, services and consulting. Earlier this year, the technology giant was reported to be steadily building its work force in India and other locations, while reducing the number of employees based in the US. Foreign workers accounted for 71 per cent of IBM's nearly 400,000 employees at the start of the year, up from about 65 per cent in 2006, a report said.
