In Focus

Sony Ericsson gets new chief

Bert Nordberg, currently executive vice-president of the Ericsson Group and head of Ericsson Silicon Valley, has been appointed president of handset maker Sony Ericsson. He will assume this new role from 15th October and will work closely with Sony Ericsson president Hideki (Dick) Koriyama and the entire senior management team for smooth management transition. He will be based at Sony Ericsson's global headquarters in London.

ISA appoints new executive council

India Semiconductor Association (ISA) has appointed the executive council for 2009-10. B.V. Naidu, group CEO of Genexx Enpower Corp., is its new chairman and Dr Bobby Mitra, president and MD of Testa Instruments India, is the new vice-chairman.

Basu is new CEO of Loop Mobile

Loop Mobile and Loop Telecom (formerly BPL Mobile Communications and BPL Mobile) has appointed Sandip Basu as its new chief executive officer. In this role, Basu replaces Sanjeev Chachondia, who has resigned after spending three-and-a-half years at the company. He joins Loop Mobile from XCEL Telecom, where he was the managing director and chief executive officer.

Kasturirangan honoured

Dr K. Kasturirangan, member (science), Planning Commission, was honoured by the global geographic information system (GIS) community for his significant contribution in the field of remote sensing and GIS at the 2009 ESRI International User Conference at the San Diego Convention Center in California, USA.

addressing issues efficiently and cost-effectively.

Paul Hamilton, senior vice-president of the Energy University, said, "Energy University will reduce complexity and raise awareness among people by providing easy access to practical education in all aspects of energy management."

Canon renews strategy for camera business

Canon India has etched out a new strategy for its camera business to combat slowdown and stimulate growth across the country. It aims at widening the distribution network, strengthening relationships with customers and partners as well as building photography enthusiasts to mark the rollout of the festive season campaign.

Canon's camera products are retailing across 200 towns with 1300 outlets across the country. Under the new initiative, Canon aims to increase this penetration in a phased manner to 500 towns with more than 2000 outlets in the next three years.

BSNL connects Goa-IDC's industrial estates

Bharat Sanchar Nigam Ltd (BSNL) will provide its wireless broadband network for connecting all of 19 industrial estates of Goa Industrial Development Corporation (Goa-IDC). As part of the alliance, BSNL's technology partner SOMA Networks will deliver high-speed, DSL-quality broadband with a simple plug-and-play indoor device called the customer premise equipment. Goa-IDC will provide wireless broadband services to enterprises as value-addition to traditional brick-and-mortar infrastructure facilities.
