

Answer All Your Unique Power Supply Application Requirements

APS-1102

Programmable AC/DC Power Source

PSW Series

Programmable Multi-Range D.C. Power Supply

PEL-2000 Series

Programmable D.C. Electronic Load

GPD Series

Multiple Output Programmable Linear D.C. Power Supply

GW Instek categorizes power supply product lines into DC power supply, AC power supply, and DC electronic load and extends the product range to more than 100 products which aim at sectors like electronics products' testing and assembly, R&D, burn-in, and power supply testing equipment for aging testing house. The extensive applications of power supply products encompass education, information electronics products, cellular phone, wireless communications products, components, batteries, automobile electronics, military, and aerospace industry.
