

Introducing
Ultra-low cost
Customized
Single Board Computer
(SBC)

Starting from
₹ 4120

- ✓ Ideal for volume production of **cost-sensitive end-products** in embedded and industrial applications
- ✓ Long product life cycle | Small form factor 74mm x 74mm
- ✓ Combination of Colibri VF50 Computer on Module (COM) and Viola carrier board
- ✓ **Other combinations** of Customized SBCs available
- ✓ **Scalability** and **flexibility** of COM, yet **ready-to-use solution** as of SBC
- ✓ Communication interfaces – USB 2.0 host, Ethernet
- ✓ Industrial interfaces - I2C, SPI, UART, GPIOs
- ✓ **Desirable alternative to popular SBCs** for volume production of end-products
- ✓ Free support provided **directly by Developers**
- ✓ Samples **available**

Access Control & Security Systems

- Access and Remote Control
- Home Energy Measurement Systems
- IP Camera application

Medical & Healthcare

- Ventilators and Respirators
- ECG (Electro Cardiograph)
- Anesthesia Units

Laboratory, Test & Measurement

- Point of Sale (PoS)
- Ticket Machines
- Digital Weighing Scales

Robotics & Industrial Automation

- Kiosks
- Temperature Controls / Process controls
- HMI Applications
