See us on Stand 3193

In the formulation, manufacture and supply of conformal coatings, thermal pastes, encapsulants, cleaners and lubricants, we have the solution. Through collaboration and research, we're developing new, environmentally friendly products for many of the world's best known industrial and domestic manufacturers – always to ISO standards.

Combine this unique ability to offer the complete solution with our global presence and you have a more reliable supply chain and a security of scale that ensures you receive an exemplary service.

Thermal Management Solutions

Created to perform when the heat is on

During use, some electronic components can generate significant amounts of heat. Failure to effectively dissipate this heat away from the component and the device can lead to reliability concerns and reduced operational lifetimes. **Electrolube has the solution.**

- Non-silicone paste
- Silicone paste
- RTVs and bonding products
- Encapsulation resins
- 0.9 to 3.4W/m.k
