

Predictive. Preventive. Productive.

Introducing an integrated team of tools that work together to check, detect, isolate and report.

See MORE with the Fine Resolution capability of the TrueIR Thermal Imager. **Do MORE** with the durable Insulation Resistance Testers and **reach MORE** with the Remote Link Solution powered by the Bluetooth® adapter and remote logging display. Keep things running faster and more efficiently than ever before. Find insights with this predictive and preventive maintenance solution.

HARDWARE + SOFTWARE + PEOPLE = INSIGHTS

Keysight U5855A TrueIR Thermal Imager

320x240 Fine Resolution, from
160x120 pixels detector resolution

4x digital zoom

View objects as close as
10 cm away

Thermal sensitivity:
0.07 °C at 30 °C

Keysight U1450A/60A Series Insulation Resistance Testers

Wireless testing and
report generation

Insulation resistance:
Up to 260 GΩ

Adjustable test voltages:
10 V to 1.1 kV

4.5-digit full-featured OLED
digital multimeter

Keysight Remote Link Solution

Measurement distance:
Up to 100 m

Supports up to 20 models of
Keysight handheld meters

Supports iOS and Android
smart devices

Real-time wireless data
monitoring and logging
