

Your Industry, Your Configuration to Meet Your Schedule – Advantech's PPC-8000 series

ADVANTECH

Enabling an Intelligent Planet

The PPC-8000 Series: A whole new concept in Panel PC's

The configure-to-order service brings greater flexibility and time efficiency

Configure to order

The PPC-8000 series can be built from a range of configurations to meet user's requirements.

Cost saving

Users are able to control their own budget by selecting the functions they require.

Easy maintenance

Advantech's global CTOS team can provide a quick service for the PPC-8000 series.

Quick delivery

The modular design, means the PPC-8000 series doesn't need R&D and can be built in a very short time.

PPC-8000 series
