

Samsung Galaxy Note Edge Launched In India

Accessibility at the swipe of a thumb

Samsung Note Edge's unique curved-edge screen provides quick access to frequently-used apps, alerts and device functionality. It works on Android KitKat OS and has 2.7GHz quad-core processor. It features 14.2cm (5.6-inch) quad HD super AMOLED display, 3GB RAM and an internal memory of 32GB, which can be expanded up to 128GB. It packs 3000mAh fast-charging battery.

The advanced, light-weight (15gm) S Pen provides a unique digital-handwriting experience through enhanced pressure sensitivity. Note Edge's front camera is 3.7MP, whereas the rear camera is 16MP. On connectivity front, the device features Wi-Fi, Download Booster, NFC, Bluetooth v 4.1 (BLE), ANT+, USB 2.0, MHL 3.0 and IR LED (remote control). The phone also features a number of sensors, including barometer, accelerometer, geo-magnetic, RGB ambient light, gesture proximity, hall sensor, finger scanner, gyroscope and UV.

Sony Launches Noise-Cancelling Bluetooth Earphones

For music addicts on the move

The MDR-EX31BN from Sony comes with a 13.5mm high-sensitivity driver and noise-cancellation capability. The hybrid silicone-rubber earbuds provide long-term wearing comfort, while providing excellent insulation against ambient noise. The earphones are light-weight and comfortable for long listening hours, and provide audiophiles with 10.5 hours of play time. These come with a USB charging cable and feature a built-in li-ion rechargeable battery.

The device supports Bluetooth and one-touch NFC connectivity, both of which provide a hands-free experience. The

Bluetooth connector has a power button that also acts as the call-receiving button. The earphones are available in red and black colour variants.
