

Experts' Speak

We are happy to support EFY Expo 2014, as this platform helped in creating awareness in the electronics industry about the goals and targets of the government initiatives. I wish the event all the best for the next year and am hopeful that it will be able to further contribute to the growth of the industry.

—J Satyanarayana, former secretary, Department of Electronics and Information Technology, Govt of India

EFY Expo is in sync with our objective of taking the Indian electronics industry ahead. We have been supporting EFY Expo for the past two years as it provides an ideal platform to accelerate the growth of the electronics industry in India.

—Dr Ajay Kumar, joint secretary, Department of Electronics and Information Technology

EFY Expo focuses on the Indian electronics market and serves as a platform for enabling growth of electronic manufacturing, design and R&D in India. It aims at providing an efficient platform for all stakeholders, small, medium and large, domestic or global to understand the requirements of the Indian market and find avenues to serve this requirement locally and consequently encourage electronics manufacturing in India. The display of many new and innovative products and the Buyer-Seller Meet led to the creation of enhanced opportunities for the industry.

—Subhash Goyal, president, ELCINA (managing director, Digital Circuits Pvt Ltd)

ELCINA had visualised EFY Expo to be a show for promoting the electronics value chain and facilitate manufacturing, innovation, R&D and business development for the sector. There are opportunities aplenty and EFY Expo and ELCINA are committed to bring these to the industry.

—Rajoo Goel, secretary general, ELCINA

The time has come for the Indian electronics fraternity to show its acumen to the world. The government is ready to extend support to the industry. Now it is the industry that should make good use of this opportunity. EFY Expo 2014 was a good initiative to bolster the Indian electronics industry and to sensitise the country about the need to set up a complete ecosystem for the electronics industry in India.

—Paresh Vasani, honorary joint secretary, ELCINA (managing director, Circuit System India Ltd)

EFY Expo 2014 had taken some key LED-centric initiatives. It is an excellent platform to see the latest launches and new products in the market.

—Pawan Sharma, committee member, ELCINA (managing director, Victor Component System Pvt Ltd)

EFY Expo has evolved as a pioneer Electronic show in India. The entire electronics industry—from components, sub-systems and EMS to manufacturing equipment and raw materials are all available under one roof. A must visit show for all involved in any way with electronics.

—Sanjiv Narayan, former president, ELCINA (managing director, Circuit Systems India Ltd)
