

High Precision Power Analyzer

scientific[®]

50 Years in Instrumentation

PPA5500 Series
PPA1500 Series
PPA500 Series

Leading wideband accuracy	Basic 0.01% (PPA5500) with class leading high frequency performance
Wide frequency range	DC, 10 mHz to 2 MHz
Fast sample rate and No-Gap	2.2M samples/s
Leading phase accuracy	0.005 Degrees plus 0.01 degree per kHz
Built in high precision current shunt	10Arms, 30Arms or 50Arms with up to 1000Apk direct plus a wide range of external sensors
Versatile Interfaces	RS232, USB, LAN, GPIB as standard (PPA5500) plus direct torque and speed
Range of PC software options	Remote control, monitoring and recording of real time data, tables and graphs

Scientific Mes-Technik Pvt. Ltd., B-14, Pologround, Industrial Estate, Indore 452 015, India
