

```

$user = $_SERVER['PHP_AUTH_USER'];
$pass = $_SERVER['PHP_AUTH_PW'];
$validated = (in_array($user, $valid_
users)) && ($pass == $valid_
passwords[$user]);
if (!$validated) {
    header('WWW-Authenticate: Basic
realm="My Realm"');
    header('HTTP/1.0 401 Unauthorized');
    die ("Not authorized");
}
?>

```

Type the IP address of the Raspi from the remote computer to access the webcam.

Ideally, I have to open two browser windows: one for viewing the image being captured by the webcam and the other for controlling the stepper motor. In the Intranet where the IP address is fixed, both windows can be clubbed on one page as shown in Fig. 3. But, on the Internet wherein the port forwarding IP address is dynamic, putting them on one page is difficult. May be you can find a different way to achieve it.

I have clubbed <http://192.168.1.5>:

EFY Note

The source code of this project is included in this month's EFY DVD and is also available for free download at source.efymag.com

5678 and <http://192.168.1.5/gpio.php> in a single all.php file to get a single window.

Put the all.php file in /var/www or the documentserver root directory of Raspi. Note that the IP address will be different in your system. You need to change the IP address in all.php code accordingly.

The code for all.php is listed below:

```

<!DOCTYPE HTML PUBLIC "-//W3C//DTD HTML
4.0 Transitional//EN">

<META HTTP-EQUIV="Pragma" CONTENT="
no-cache">

<HTML><HEAD><TITLE>Bera World Webcam with
control</TITLE>

<META content="Microsoft FrontPage 4.0"
name=GENERATOR></HEAD>

```

```

<?php
echo '

<FRAMESET cols="*,25"><FRAME
name=bottom src="http://
' . '192.168.1.5'.':5678/
" scrolling="auto"><FRAME name=bottoml
src="http://' . '192.168.1.5/gpio.
php' . '/'>" scrolling="auto"></FRAMESET>

</IFRAMES>

<body>
<p>This page uses frames, but your
browser does not support them.</p>

</body>

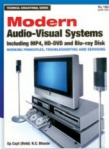

</IFRAMES></FRAMESET></HTML>';
?>

```

The author is an avid user of open source software. Professionally, he is a thermal power expert working as an additional general manager at NTPC Ltd

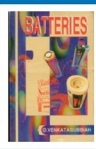

EFY BOOKS SERIES

Books For You!

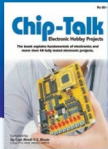

Rs 180/- (with CD)

By Gp. Capt. (Retd) K.C. Bhasin
Working principles, common faults and remedies, plus simple testing procedures

Rs 60/-

By D. Venkatasubbiah
Clears many misconceptions and doubts about small batteries and cells

Rs 80/-

By Gp. Capt. (Retd) K.C. Bhasin
Instructions for 40 popular and tested electronic hobby projects, plus much more

Rs. 300/- (with CD)

An application-oriented and resourceful book for engineering students, hobbyists, teachers and practicing engineers alike

Rs. 300/-

Collection of 60 simple projects, highly useful for engineering students, Teachers & Hobbyists
