

A Leader in Interconnect Solutions for Telecom Industry

The telecommunications industry in India is facing increasing demands for higher network bandwidth, data transfer rates and wireless connectivity like 4G & LTE. FCI's extensive range of high speed products are highly suitable for internet connectivity and wireless applications. The reliable and cost effective Backplane connectors feature bandwidth capabilities of up to 40Gb/s. Whilst the optical and copper interconnect solutions delivers outstanding performance for both long and short reach requirements.

ExaMAX® High Speed Backplane

AirMax VSe® High Speed Backplane

AirMax VS2™ High Speed Backplane

QSFP+ Cable Assemblies

Transceivers & Active Optical Cables

Millipacs® 2mm Modular

Metral® 2mm Modular

SFP+ Cable Assemblies
