

A leading Electronics Designer & Manufacturer of Critical subsystems / systems in Defense, Aerospace, Space, Industrial, Telecom & Medical segments.

Product Portfolio:

Strategic Electronics

- Guidance system for Missiles
- High power RF amplifiers
- Power supply, Transmitters for Radars
- Communication modules for Military Radios
- Power subsystems & Electro optic sensor for Satellites

Industrial

- Subsystems for power plants, process automation, oil and gas & other large industrial applications

Telecom

- High stable Crystal oscillators including OCXO, TCXO, VCXO & SPXO.
- Base Station Equipments

Medical

- X ray Imaging systems
- Power supplies

- Specialized in Analog, Digital, Power, RF subsystem/system design & development
- ISO 9001, ISO 14001, AS9100 Rev C, OHSAS 18001:2007 and ESD 20:20 Certified.
- Approved vendor for DRDO labs, DPSU, ISRO and several Overseas Defence Majors.

Centum Electronics Limited

44, KHB Industrial Area,
Yelahanka New Town,
Bangalore - 560 106, Karnataka, India.
