

EFY Awards 2011

The Winners

EFY Jury Awards

Electronics Man of the Year:

Inderdeep Singh, president and MD, CDIL

Electronics Organisation of the Year:

Dixon Technologies (India)

Lifetime Achievement Award:

Om Wadhwa, CMD, JV Electronics, and former president, ELCINA

EFY Readers' Choice Awards

Capacitors: Keltron

Resistors: Vishay Components

Diodes & Transistors: Vishay Components

LEDs: Osram

LED Drivers: Texas Instruments (TI)

Sensors, Actuators & Transducers: Omron

Switches & Relays: Omron

Connectors for Electronics Applications: Phoenix Contact

Microcontrollers: Atmel

EDA Tools: Cadence

Multimeters: Fluke

Oscilloscopes: Tektronix

Soldering & Desoldering Stations: Weller

Educational Kits & Trainers: Vegakits

Solar Cells: Tata BP Solar

Solar Modules: Tata BP Solar

SMF Batteries: Exide

Inverters: Microtek

UPS Systems: APC

Programmable Logic Controllers (PLCs): Siemens

EPABX & Key Telephones: Panasonic

CCTV Cameras: Sparsch

Training Institutions (Electronics): Jetking

SMT Pick-and-Place Machines: Juki

PCB Manufacturers: PCB Power

EMS firm: SGS Teknisk

WINNERS ANNOUNCED!

The eighth edition of EFY Awards were given away on March 16 at a ceremony held in Le Meridien Hotel, Bengaluru. These awards are known for recognising the contribution of leading people and companies in the Indian electronics industry. The director of IIT Bangalore, Professor Sadagopan, graced the occasion as the Guest of Honour.

This year, EFY Awards focused on core electronics rather than consumer electronics. Addressing the audience, Ramesh Chopra, vice chairman of EFY Group, said, "To keep up with the changes in industry and the products churned out by it, the products for which the awards are

announced are reviewed every year and changed as per requirement. However, this year we have made drastic changes in the product categories by substituting the consumer electronics and IT products with core electronics products, which are more relevant to the industry catered to by EFY."

The new categories added include SMT pick-and-place, EMS firm, LEDs, LED drivers, programmable logic controllers (PLCs), and sensors and transducers.
