Since this information is subject to change, all those interested are advised to ascertain the details from the organisers before making any commitment.

other electronic components and EMS. The incentives would be provided across the value chain starting from raw assembly to testing, packaging and accessories of these products.

The scheme provides subsidy for investments in capital expenditure—20 per cent investments in special economic zones (SEZs) and 25 per cent in non-SEZs. It also provides for reimbursement of countervailing or excise duty on capital equipment for the non-SEZ, high-technology and high-capital-intensive units, like fabs. Reimbursement of central taxes and duties is also provided.

BEL makes low-cost tablet PC using SIPLACE machines

Bharat Electronics Ltd (BEL) has developed a tablet PC with an aim

to provide the IT basis for several development and training projects in the rural regions of the Indian sub-continent. In order to make the device very low-cost, it kept the design costs as low as possible and also minimised the manufacturing costs by producing the model on SIPLACE SX line.

With its high-flexibility features, SIPLACE SX provided BEL with the ease of use and high speed required for the ultra-fast development and production of the tablet. With SIPLACE SpeedStar and MultiStar heads, for example, the two SX machines were able to handle a great range of components. The platform's replaceable gantries offered further possibilities to customise and meet the company's exact needs.

The SIPLACE SX turned out to be the perfect platform for BEL's tablet project with features such as exchangeable gantries, lean footprint and three highly flexible placement heads

Are You In Suspense?

Are you wondering what happened to your order or payment, even after a fortnight? But did you mention your name and address clearly while sending payment, and what the payment was for?

We get several payments every month without adequate instructions or even identity of the person sending the payment. As a result we are unable to take appropriate action on these, till we get a complaint - if at all.

At EFY, we want you to be our satisfied customer. So please do let us know in case your payment or instructions are not even acknowledged within a fortnight. We are not that lazy!
