Powerline Modem

Transmit serial data of 9600 bps over AC power lines cables for remote control and Sensor readings

Model:1187

Speech Recognition

HM2007 based excellent product

Model:1180

Fingerprint Sensor

Simple to use with AT89S52 Source Code

Model:1125

RF Wireless Serial

Reliable serial transmit/receive at 2.4Ghz

Model:1124/1197/1215

Camera for AVR

For Face Recognition/Object Tracking Projects with AVR microcontrollers

Model:3723 / 3724

Ultrasonic Distance

Many types Serial/PWM/Display option

Model:3719/1166/1127

Heartbeat Sensor

Simple to use with AT89S52 Source Code

Model:1157

Data Logger SD

Logs serial data to Memory Card

Model:1111

Color Sensor

16 million colors, Serial out, PC Software

Model:1185

Metal Sensor

Simple to use High/Low output

Model:1139

Data Acquisition

USB based Simple to use, Low cost

Model:1169/1230

Capacitive Touch

Touch & Proximity Out with LED indication

Model:1167

89 Programmer

USB Programmers, Reliable, Low Cost

Model:1100/1118

AVR ISP Programmer

Works with AVR Studio, USB, Reliable

Model:1138

IR/RF Remote Control

4/8 CH IR and RF Remote Controls

Model:1135/1136

PIC Programmer

USB with ZIF Socket, Easy to use, Reliable

Model:1164

Our product range includes various Sensors, GPS, GSM, RFID, Remote Control, Device Programmers, Wireless Data, Bluetooth, Ethernet, DTMF, USB to RS232/RS485 Converter, MP3 Decoder & Power Control.

We offer Quantity Discount: 5+=5% 10+=10% 100+=20% (We sell directly through site not through dealers)

Visit our website **SUNROM.COM** for over 200+ quality products

- ✓ Detailed Datasheet in PDF (Enter Model in Search on SUNROM.COM)
- ✓ High Quality Products with Warranty, Documentation, Sample Code & Support
- ✓ Fast Technical Support & After Sales Service (Free Shipping for Repairs/Replace)
- ✓ Easy Order Placement and Payment Mode online or offline on sunrom.com
- ✓ Order ships within 24 hours by Courier/Speed Post

Online Store for Electronics Components
a sunrom company

- Easy to buy online & Fast Shipping
- Quality Components Parts
- Custom Parts Sourcing
- Technical Details Support

PCB Design, Prototype & Manufacturing
a sunrom company

- Layout & Schematic Design Service
- Prototype PCB Orders(1-10) Possible
- High Quality PCBs at your doorstep
- Assembled Prototype Option

Customized Programming & Development
a sunrom company

- Final Product Design Service
- Custom Programming as per req.
- Enclosure Fitting Prototypes
- Support Updates & Bug Fixes

Project Guidance for Engineering Students
