

Cat.7, 6 & 5e twisted LAN Tester TCT-2690PRO
measures distance of fault location & finds open/short circuits

Solar Power & Re-chargeable Battery type Autoringing DMM Model IRSDMM90
with capacitance & frequency measurements

Single & Triple Output Hi-quality Power Supplies
Single: 0-50VDC, 2 amps
Triple: 2x0-30V15A, 5V/3A

new improved version SmartTweezer ST-5L
rechargeable battery & higher accuracies for SMD LCZ Chip components & impedance measurements

Model I228L
56 LEDs, 3X
5 inch lens dia
Illuminated Magnifier

Model IM-2012LED
Model IM2012A-LED
Portable & Lightweight LED type 3X
Illuminated Magnifiers, 4 inch lens dia

Model IMESD-6018LED
ESD Safe, 70 LEDs
Wide View 7.5"x6.2"
Illuminated Magnifier

Model IM6015-8LED
90 LEDs, switchable
2-rows, 5X, 6" lens dia
Illuminated Magnifier

Low Cost 80 Watt Soldering Station

Analog type for regular production
Model DSS25A

Low Cost 60 Watt Soldering Station

Digital display for regular production
Model DSS61

Low Cost Work Horse Digital Soldering Station

Low cost Soldering Tips lowers production cost
Model DSS36 90 Watt

Intelligent and best VFM Digital Soldering Station

for reliable leadfree and fine pitch SMD soldering jobs
Model DSSLF04H 90 Watt

High Power Yet Low Priced Digital Soldering Station for

Heavy mass automotive jobs
Reliable solar cell soldering

All-in-1 large SMD ICs & Thru-hole Repair System

1000 Watt, 120 litre/min powerful Hot Air Rework with in-built vacuum pick-up for large (50x50mm) SMD ICs
1 system suffices for miniature chips to large QFP305

Model MFRS400

Large QFP Vacuum Pick-up after desoldering

Unique Plug-in type Heater

in-built Vacuum Pick-up for large SMD ICs

Very Powerful, Economically Priced HRS61D Hot Air Rework Station

1200 Watt, 200litre/minute (max.) airflow
High power desolders large SMD ICs as QFPs, PLCCs, TSOPs quickly & safely.
Wide variety of Hot Air Nozzles available for miniature chips, SOTs, SOICs, QFPs and PLCCs.

Low Cost & Self-Contained Desoldering Station DDS01

Powerful built-in vacuum
90 Watt
200-450°C
No clogging of Nozzles

IDF-101A Dispensing System to dispense fluids without any mess

Low Cost Torque Controlled DC Electric Screwdriver

Model JZR-815

- Torque Range: 2-15 kgf-cm
- Selectable RPM: 320/560/830
- One Power Supply operates 2 Screwdrivers

1~10%, 10~20% & 20~60% Humidity Non-ESD & ESD Safe Dry Cabinets

in sizes of 65, 84, 98, 160, 320, 540, 718, 1436 litres

Honeywell Digital Thermo Hygrometer

High Quality, Field Repair Use Master Toolkit TK-MAS-2612

ugged hi-end case, hi-quality DMM, wide variety of field use hand tools
