

Ultra Compact AC/DC Converters

- Ultra-low 30mW Standby Power Consumption
- 1W - 6W PCB Mount Package
- Extra Wide Input Voltage Range (90 ~ 277VAC)
- Class II Power Supply with 3kVAC Isolation
- -25°C to +85°C Operating Temperature
- Low Output Ripple
- Short Circuit Protected Outputs
- UL, EN & CE Certified
- Single or Dual Output Options

Full Product Line - DC/DC & AC/DC Converters

1-3W DC/DC

- Ultra Compact Package (SIP, DIP, SMD)
- Re-inforced Isolation up to 8kVDC
- Regulated & Unregulated Outputs
- Efficiency up to 95%
- Medical & Safety Certifications
- Opt. Continuous Short Circuit Protection

3-15W DC/DC

- 2:1 & 4:1 Input Voltage Ranges
- Re-inforced Isolation Up to 10kVDC
- Continuous Short Circuit Protection
- Medical & Safety Certifications

8-60W DC/DC

- 2:1 & 4:1 Input Voltage Ranges
- Opt. Heatsinks & Filter Chokes Avail.
- Single, Dual, & Mult. Outputs
- Safety Certifications

20-50W DC/DC (High temp.)

- -55°C to +100°C Full Load Operating
- Built in EN55022/FCC Class B Filter
- Efficiency Above 92%
- Safety Certifications

1-60W AC/DC

- Ultra Compact Size
- Low No Load Power Consumption
- 3kVAC Isolation
- PCB or DIN-Rail Mount
- Safety Certifications

electronica India 2012

Date: 11-13 September 2012

Venue: Bangalore International Exhibition Centre (BIEC)

Booth: Hall 2, #2620
