

Robosapiens Technologies Pvt. Ltd.

An ISO 9001:2008 Certified Company

Robosapiens iBOT MINI

India's Most Preferred & Trusted Robotics Embedded Systems development Kit

Hardware Feature

Built Using AT-Mega8 Microcontroller

Inbuilt 4 Bit LED display

Inbuilt Voltage Regulator

Powered both from External Supply & USB

Inbuilt IR Sensor Circuit

All Data Port Exposed to connect external Devices

High Speed Programs in less than half seconds

Inbuilt Motor Driver Circuit(L293D)

Compact & Stable

Get Assemble & Ready to use in less than 10 Min

Compatible with Window XP, Windows Vista, Windows 7

Now Available at just ₹1600/-

MRP ₹2400 Flat 35% Discount*

Purchase online: www.robosapiensindia.com/ibot/

**Now Every Student
Can Afford a Robotic Kit**

Software Feature

Self Programmable

NO External USB Programmer/Burner Needed

Inbuilt USB Programmer, No software drivers Need

Robosapiens^{INDIA}

A Unit of Robosapiens Technologies Pvt. Ltd.

B5/2, C-Block, Sector-31,

Noida-201301

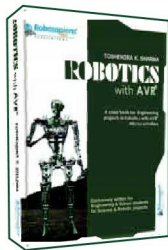

Ph No: 0120-4579000

Mob: 9990203045, 9990203023

With Ready to use Sample Code & Software Set in CD Free
step-by-step guide to learn
Robotics and AVR® Microcontroller

Features:

- Interfacing of LEDs, 16x2 LCD, L293D, L298, Motor Driver, Servo Motor, Stepper Motor, IR Sensors, Color Sensor, Temperature Sensor, Ultrasonic Sensors, LDRs, GSM Module, DTMF module, RFID card Reader, Seven Segment Display
- All Types of Line Following Robot, Edge Avoiding Robot, Sound Operated, Mobile Phone Operated robot, 4 legged Walking Robot, Light, Searching Robot, Obstacle Avoider Robot, Image processing Based Robot Using, MATLAB, Micro Mouse, flood fill algorithm, Computer Controller Robot etc
- Feature like of AVR Atmega8, Atmega16, Atmega, 32, like Input/Output Operations, Timers, Interrupts, ADC, UART, PWM, EEPROM,

ISBN:978-81-920148-0-7

Price: ₹450 Shipping Free

Special Discount for Engineering

Colleges & Universities

Order Online, Delivery by Indian Post/ Courier

Payment by Credit card/ Debit Card/ Netbanking

Same day Shipping

Purchase Online @

Exclusively written for Engineering & School Students for Science & Robotic Project

India's 1st Book on Robotics

for Engineering Projects in Robotics with
AVR® Microcontrollers

2nd Edition

By: Toshendra K. Sharma
M.Tech, IIT-Bombay

Award Winner of many
National Robotic Championships in IITs

More than 10000 copies already sold
