

...a **picture** is worth a **1000 words** and the same... in **multimedia** (enriched with **Graphic Arts, Animation & Simulation**) ...is worth a Million (words)

SKU Introduces **Quick Learning** Tools for **Self Learning & Self Assessment** Courses

SKU is a personalized online tutoring portal for Engineering Management and School. It is a repository of interactive learning resources rich with multimedia and graphics with animations, simulations and high quality images. SKU helps to learn complex concepts with animation based explanation.

Engineering Courses

- Engineering Physics
- Basic Electronics
- Engineering Graphics
- Network Analysis
- Data Communication
- Data Structure
- Electromagnetic Field Theory
- Digital Circuits and System
- Antenna and Wave Propagation
- Digital Signal Processing
- Microwave Engineering
- VLSI
- Embedded System
- Human Physiology

and many more...

SKU features

- e-Lecture
- Interactive Learning Objects
- FAQ
- MCQ

School Courses

- Mathematics
- Physics
- Chemistry

Management Courses

- Financial Markets and Resource Management
