

offers a series of next generation **"Electronics & Electrical Measuring Instruments"** equipped with several unique features at truly affordable prices from Agilent Technologies, **World's Premier Measurement Company** for last 70 years.

Compact & Advanced Clamp Meters

Unique features :

- ❖ Wire separator to separate wires from a bundle
- ❖ Built in LED Flash Light to illuminate test area
- ❖ Vsense for non contact voltage detection
- ❖ Visual & Audible backlight alert

Four Models :

U1191A
U1192A
U1193A
U1194A

Three Models :

U1231A
U1232A
U1233A

Compact & True RMS Digital Multimeters

Unique features :

- ❖ IR-USB PC Interface for Data Logging
- ❖ Built in LED Flash Light to illuminate test area
- ❖ Vsense for non contact voltage detection
- ❖ Visual & Audible backlight alert

Handheld DSOs, 3 in 1
(Scope + DMM + Logger)

Four Models :

U1602B : 20 MHz
U1604B : 40 MHz
U1610A : 100 MHz
U1620A : 200 MHz

10,000 Count True RMS
Digital Multimeters with
Harmonic Measurement

Two Models :

U1241B
U1242B

50,000 Count True RMS
Digital Multimeters

Three Models :

U1251B
U1252B
U1253B (OLED Display)

30,000 Count True RMS
Digital Multimeters (IP64)

Three Models :

U1271A
U1272A
U1273A (OLED Display)

20,000 Count
Handheld LCR Meters

Three Models :

U1731C : upto 1 KHz
U1732C : upto 10 KHz
U1733C : upto 100 KHz
