Are You In Suspense?

Are you wondering what happened to your order or payment, even after a fortnight? But did you mention your name and address clearly while sending payment, and what the payment was for?

We get several payments every month without adequate instructions or even identity of the person sending the payment. As a result we are unable to take appropriate action on these, till we get a complaint - if at all.

At EFY, we want you to be our satisfied customer. So please do let us know in case your payment or instructions are not even acknowledged within a fortnight. We are not that lazy!

from different generations, it was not a fair fight.

Within the single-core GPUs, Mali-400 outperformed SGX540, ULP GeForce and Adreno 220 by a wide margin. But since most of the popular games out in the Android market are

running Tegra 2 optimised versions, the real-life performance from a gaming perspective would be far better than what was benchmarked here.

Based on the two benchmarks, the overall score performance of different SoCs is provided on the next page.
