

Test and Measurement Instruments for various measurement applications

Scalar Network Analyzers

Vector Network Analyzers

Handheld LCR Meters

Digital Millimeters

Single and Multi Channel
Power Supplies

2MHz - 20MHz DDS
Function Generators

Logic Analyzers

Spectrum Analyzers

50MHz - 100MHz
Digital Storage Oscilloscopes

Our Other Range Of Products

Basic Electronics

Embedded And DSP Trainers

Wireless Communication/Antenna/Radar

RF And Microwave

Digital Communication

Network And Telephony

Test And Measuring Instruments

Controls And Instrumentation

Fiber Optic

Microprocessors/Microcontrollers

VLSI

Analog Communication

Dealers active in Engineering colleges, Polytechnics, ITI's and other Technical Institutions, willing to work with us may write to - director@falconindia.biz
