

World's Most Compact Mixed Domain Oscilloscope!

Key Features

100 MHz Digital Oscilloscope

Dual Channel Digital Storage Oscilloscope with up to 12 bit analog sample resolution and high speed real-time waveform display.

40 MSPS x 8 Channel Logic Analyzer

Captures eight logic/timing signals together with sophisticated cross-triggers for precise multi-channel mixed signal measurements.

Serial Logic and Protocol Analyzer

Capture and analyze SPI, CAN, I2C, UART & logic timing concurrently with analog. Solve complex system control problems with ease.

Real-Time Spectrum Analyzer

Display analog waveforms and their spectra simultaneously in real-time. Baseband or RF signals with variable bandwidth control.

Waveform and Logic Generators

Generate an arbitrary waveform and capture analog & digital signals concurrently or create programmable logic and/or protocol patterns.

Multi-Channel Chart Recorder

Record to disk anything it can capture. Allows off-line replay and waveform analysis. Export captured waveforms and logic signals.

Network Data Acquisition

For remote data acquisition and process monitoring applications with a focus on high speed mixed signal data acquisition and IP network connected access.

Scientech's Compact Mixed Domain Oscilloscope with a built-in Oscilloscope, Logic Analyzer, Waveform, Clock & Pattern Generator, Spectrum Analyzer and Chart Recorder all in one tiny USB Powered package can be used for your various measurement applications.

Some models include an Arbitrary Waveform Generator (AWG) and all of them have a Smart POD expansion connector on the front for logic probes and external signal processing modules.

If you design, test or repair embedded systems, work with microcontrollers, robotics, sensors and servos, or modern automotive, avionic or other control systems you'll inevitably find you need to see analog and digital or logic signals simultaneously and time synchronized.

And this of course is precisely what all Scientech's Compact Mixed Domain Oscilloscope are designed to do!
