

Qmax innovATES Next-Gen ATE

A step ahead in test technology

QT2256-640PXI

Combination Board Tester

HIGHLIGHTS

- ❖ Multiple Test Methodologies
(In-Circuit, Boundary Scan, Digital & Analog Signature Analysis & more)
- ❖ Card Edge Functional Test with automated guided probe back-tracking
- ❖ Supports PXI Instrumentation, GPIB External Instrumentation
- ❖ Non-multiplexed Test Channels up to 640
- ❖ Per-Pin Programmable Hybrid Pin-Driver
- ❖ AC / DC Parametric Tests
- ❖ XYZ Robotic Prober for rapid Board Test
- ❖ ATML, DTIF, Laser Interface capable for TPS

Applications

- ❖ Defence ❖ Aerospace ❖ MRO ❖ Telecom
- ❖ Railways ❖ Manufacturing Test ❖ Power
- ❖ Bio-medical ❖ Process Engineering

- where standards are set; not matched.
