

Your Partner for Sensor Technology

The PIC Level Sensors, comprising the world's smallest magnetic Level Sensor, Form A and Form B types, rate up to 250 VAC / 50 Watts.

Our great value for money PLS-VA series of Stainless Steel Level Sensors is suitable for use with food and comes in numerous different configurations.

Thanks to this and our countless other innovative sensor products PIC is your ideal partner when it comes to non-touch switching.

Level Sensors

Benefits

IP 67

- No power supply required
- Mains voltage variants available
- Form A and Form B
- Housing materials: Polypropylene, Polyamide or Stainless Steel
- For top, bottom or side mounting
- Protection degree IP 67
- Suitable for food contact
- Customized types available
