Download your tweets

Social network Twitter has rolled out a much sought-after feature that lets users download their entire Twitter archive. Some users recently started noticing the feature and have already downloaded their logs.

Google Map helps you locate polling station

Indian electors can now locate their polling station and access other electoral information online using Google Maps. "They can do so by visiting the Election Commission or state chief electoral officer's website," Tripura chief electoral officer Ashutosh Jindal said.

Polling station locations in the National Capital Territory of Delhi, Himachal Pradesh, Gujarat, Dadra and Nagar Haveli, Daman and Diu, Sikkim, Mizoram, Meghalaya and Tripura have already been plotted on Google Maps.

Nvidia distributes free digital copies of Metro 2033

Nvidia is giving away free codes for THQ's Metro 2033 first-person shooter video game in exchange for 'Liking' its Facebook page. The Metro series takes place in a post-apocalyptic Moscow where, in the wake of a nuclear war, humanity has taken to the country's elaborate metro system for refuge. The first game was notable for being highly atmospheric and having a unique economy where bullets were the currency.

Dell exits smartphone business

Dell has abandoned its smartphone business with an aim to go after the lucrative Windows 8 tablet department. In an interview with *Forbes*, Jeff Clarke, head of consumer business, confirmed the move.

Clarke said, "It needs a lot of investments to be really successful." This is the reason why Dell has no plans to jump into the smartphone bandwagon any time soon.

Dropbox for iOS updated with new user interface

Popular file hosting service Dropbox has been updated to version 2.0 for iOS devices. The highlight of this new update is the redesigned user interface. It also features a dedicated Photos tab with a timeline view of all automatically uploaded photos and videos.

Tower Speaker

Intex' IT-12000SUF delivers a rich-quality 84W sound output, whether it is jazz, rock, classic, bass or normal

Intex Technologies has launched a two-channel tower speaker, IT-12000SUF. This high-powered speaker can be attached to your home theatre system or PC for enriched indoors sound experience.

The speaker is multimedia-ready, capable of playing popular MP3 audio formats from personal devices like PC, notebook, mobile phone, DVD player, MP3 player, TV, VCR and Walkman. It also allows users to tune-in to popular FM channels or play their favourite songs stored in a personal USB or memory card.

The speaker comes with one-year warranty.

Price: ₹ 9400

Portable Mobile Scanner

AvisionMiWand 2 PRO takes only 1.6 seconds to scan a full page at 300 dpi in colour

Powered by AA-size rechargeable batteries, the AvisonMiWand 2 PRO allows you to scan without a computer or software. All you need to do is just glide the scanner over the surface of a page. The scan gets saved in a micro SD card

The scanner can be operated with a single hand, as its double roller technology ensures feeding reliability and image quality by reducing the risk of skewing and distortion. The Bookedge design makes book scanning fast and easy as it scans all the way to the end of the book bind.

AvisionMiWand 2 PRO has a 4.6cm (1.8-inch) colour LCD

display that shows the preview of the images scanned, scanner settings and warning messages. You can also see a slideshow of all the images scanned and stored.

Price: ₹ 9000

Note: Prices may vary according to the local applicable taxes and discounts
