With an aim to create the next generation of embedded system engineers in India who are more practical in their outlook, IIT Bombay has announced Project E-Yantra. It is an initiative in embedded systems sponsored by the ministry of human resource development.

Conceptualised by Prof. Kavi Arya and Prof. Krithi Ramamritham of the CSE Department at IIT Bombay, the project aims to create a practical outlook in students to help them articulate problems that they see around them and to solve them using a little robot

Are You In Suspense?

Are you wondering what happened to your order or payment, even after a fortnight? But did you mention your name and address clearly while sending payment, and what the payment was for?

We get several payments every month without adequate instructions or even identity of the person sending the payment. As a result we are unable to take appropriate action on these, till we get a complaint - if at all.

At EFY, we want you to be our satisfied customer. So please do let us know in case your payment or instructions are not even acknowledged within a fortnight. We are not that lazy!
