

Compact Security Camera

The LG LW130W is easy to install with one-button-click wireless setup

The LW130W cube camera offers advanced solutions for indoor and outdoor surveillance in low-light conditions, especially where users require colour information in the video for enhanced recognition and identification of objects. It is an HD compact network camera which supports various WiFi specifications including 802.11b, g and n.

The camera has a built-in speaker and microphone, and is based on a motion-detection passive infrared sensor with multiple alarms. It comes equipped with LG's XDI-V technology, which is claimed to offer world's best resolution with 650 TV lines. It allows the camera to see details and colour even in dark conditions with its adaptive contrast enhancement.

Android 4.0 Tablet Below Rs 6500

Zync's Z-990 Plus comes bundled with one-month free subscription to BigFlix via a dedicated app

Z-990 Plus is an improved version of Zync Z-990 that was launched earlier this year. The new Android 4.0 (Ice Cream Sandwich) based tablet is powered by a 1.5GHz processor with 1GB RAM and a MALI 400 GPU.

The tablet features a 17.8cm (7-inch) capacitive multi-touch display with a resolution of 800x480

pixels. It also includes a 4GB internal memory and a microSD slot that can support up to 32 GB. For connectivity, the Zync Z-990 Plus supports Wi-Fi 802.11 a/b/g/n, 3G via USB dongle, microUSB, HDMI and a 3.5mm jack. A front VGA camera has been provided for video chat. It is capable of playing 1080p videos, which you can watch on a large display via the HDMI output.

The tablet allows you to easily install a multitude of free and paid apps from Google Play, for added value. It comes bundled with one-month free subscription to BigFlix via a dedicated app.
