

47cm (18.5-inch) wide screen monitor and found to be working well.)

5. If the X and Y values are proper, the "Happy Holi....." greeting mes-

sage appears along with animation on the screen.

EFY note. The source code for this program is available on www.efymag.

com website.

The author is a final-semester student of BE in electronics and telecommunication engineering, MAEERS, MIT, Pune

An advertisement for LinuxForU.com. The background is split diagonally from the top-left to the bottom-right. The upper-left portion is yellow and contains the text 'THE COMPLETE MAGAZINE ON OPEN SOURCE' in a small, black, sans-serif font. Below this is the word 'LINUX' in large, blue, 3D block letters. A red ribbon-like banner with the word 'ForYou' in white script font is positioned over the 'X' of 'LINUX'. The word 'BETA' is written in small, black, sans-serif font above the 'ForYou' banner. The lower-right portion of the background is dark blue and contains the text 'Your favourite Linux Magazine is now on the Web, too.' in a white, sans-serif font. Below this is the website address 'LinuxForU.com' in a larger white font, with 'Linux' in white and 'ForU.com' in orange. At the bottom right of the dark blue section, the text 'Follow us on Twitter@LinuxForYou' is written in a small white font.
