

Android Smartphones

LG Optimus Sol-LG E730 and Hub E510 run on Android 2.3 Gingerbread

LG has added Sol-LG E730 and Hub E510 to its Optimus smartphone portfolio. Optimus Sol-LG E730 comes with a 9.6cm (3.8-inch), 800×480-resolution Ultra AMOLED display featuring a two-fold advanced reflection rate compared to standard AMOLED displays, giving better clarity outdoors and lower image quality degradation.

Just 9.8mm thin, E730 is powered by a 1GHz processor and features Wi-Fi, DLNA, HSDPA, GPS, 5-megapixel auto-focus camera, and an enhanced power management system that boosts battery life by 20 to 30 per cent.

The 8.9cm (3.5-inch) TFT capacitive touchscreen of Optimus Hub offers 480×320-pixel resolution. Optimus Hub also features a 5-megapixel camera with 4x digital zoom, integrated Optimus 2.0 user-interface, 800MHz ARMv6 processor and 512 MB of RAM.

Price: LG Optimus Sol - ₹ 19,000
LG Optimus Hub - ₹ 14,500

Set-top Box with Digital Video Recorder

Dish TV's Dish truHD+ allows recording through external storage device

Dish truHD+ set-top box from Dish TV offers the dual advantage of high definition and digital video recorder (DVR) features and comes equipped with the latest MPEG4 technology. Users can enjoy picture quality of 1080i and 16:9 picture format with 5.1-channel surround sound.

The same box doubles as a DVR, which is compatible with any USB de-

vice enabling the user to plug and play an existing USB stick or hard-disk drive, and build a library.

The set-top box gives the benefits of a traditional DVR, like recording and playing programmes, pausing or rewinding live TV, different play-back positions, event-based recording and time-based recording.

Price: ₹ 2690

Sparkling Laptops

Toshiba's sparkling Satellite L740 and L750 series laptops with USB sleep-and-charge port can charge portable electronics even when the laptop is switched off

Toshiba's Satellite series L740 and L750 laptops feature a dazzling finish, while a large keyboard and touchpad with multi-touch control provide a blend of comfort and usability. The laptops come in grace silver, maroon brown and precious black colours and are powered by Intel processors combined with integrated graphics, high-speed RAM expandable up to 8 GB and SATA hard drive of up to 750 GB.

The Clear SuperView LED screen of the 35.6cm (14-inch) L740 series and 39.6cm (15.6-inch) L750 se-

ries are suited to Web browsing, high-definition video, and office documents and applications. The laptops are also equipped with a selection of interfaces including three USB 2.0 ports, wireless LAN, fast Ethernet LAN and a multi-card reader.

Price: ₹ 24,000 onwards
