

# SUBJECTS COVERED IN THIS ISSUE

| Subject                                     | Page No. | Subject                                  | Page No.                       | Subject                                  | Page No.   | Subject                      | Page No.       |
|---------------------------------------------|----------|------------------------------------------|--------------------------------|------------------------------------------|------------|------------------------------|----------------|
| 4G Service.....                             | 125      | Debugger (NP).....                       | 122                            | Open Source.....                         | 95, 96, 98 | Solar Energy.....            | 123, 126       |
| Alarm.....                                  | 116, 118 | Detector, Metal.....                     | 25                             | PC.....                                  | 126        | Soldering.....               | 52, 54, 56     |
| Analogue Front Ends (NP).....               | 121      | Fuel Cell.....                           | 22                             | Plastics.....                            | 20         | Surveillance & Security..... | 88, 90         |
| Analogue Wattmeter (CI).....                | 108      | Graphics Cards.....                      | 125                            | Port Interfacing in Java Through.....    |            | System-on-Modules.....       | 92             |
| Antenna Analysis and Design in.....         |          | Green Buildings.....                     | 28, 30, 32, 34, 36, 38, 40, 42 | Microcontroller (C).....                 | 99-102     | Tablet.....                  | 72, 126        |
| MATLAB (SW).....                            | 112-114  | GSM-Based Borewell Water-level.....      |                                | Power Devices (NP).....                  | 120        | Telecom.....                 | 124, 125       |
| Apps.....                                   | 76       | Monitor (C).....                         | 103-106                        | Power-over-Ethernet Controller (NP)..... | 121        | Teleportation.....           | 22, 24         |
| Battery Charging.....                       | 22       | Guitar & Microphone Amplifier (CI).....  | 107                            | Printed Electronics.....                 | 123        | Transceiver (NP).....        | 121            |
| Board Support Package (NP).....             | 122      | Inverters.....                           | 44, 46, 48, 50                 | Printer, Multifunction.....              | 74         | Ultrabooks.....              | 78             |
| Cable (NP).....                             | 120      | IPv6.....                                | 58, 60, 62                     | Projector.....                           | 76         | UPS.....                     | 44, 46, 48, 50 |
| Camcorder.....                              | 74       | Keyboard.....                            | 72                             | Quantum Network.....                     | 22, 24     | Video Analytics.....         | 89-91          |
| Camera.....                                 | 26, 72   | LCR Meter (NP).....                      | 121                            | Relay Interface (NP).....                | 120        | Windows 8.....               | 26             |
| Cameras, Digital.....                       | 84-86    | Lighting.....                            | 126                            | RFID.....                                | 64, 66, 68 | Wireless Module (NP).....    | 122            |
| Chips.....                                  | 24       | Magnetic Field.....                      | 22                             | Robots.....                              | 20         |                              |                |
| Clap-Based Digital Volume Control (CI)..... | 109      | Media Player.....                        | 74                             | Sensor-based Door Lock (CI).....         | 110        |                              |                |
| Computers.....                              | 24, 25   | microSD Cards (NP).....                  | 122                            | Sensor, Position (NP).....               | 121        |                              |                |
| Connectors, Plug (NP).....                  | 120      | Mouse.....                               | 76                             | Server Platform (NP).....                | 122        |                              |                |
| CTS Device.....                             | 20       | Multicolour Curtain Backlights (CI)..... | 111                            | Solar Cells.....                         | 22         |                              |                |
