

Fig. 4: Debug menu in Visual Studio

```
C:\>cd C:\Users\Tarun\Desktop\Docs\WSN_SampleProject
C:\Users\Tarun\Desktop\Docs\WSN_SampleProject>C:\Python27\python.exe PlotAll.py
```

Fig. 5: Running python.exe from command line

4. Run the project using the menu 'Debug'→'Start without Debugging' or use the shortcut Ctrl+F5 (see Fig. 4).

Python. After running the simulation, use the Python script (PlotAll.py) to plot the graphs as described in WhitePaper.pdf. Note that the script saves the plots into output directory.

Python script can be run by double-clicking PlotAll.py file or you can run

it via command line.

To run from command line, proceed as follows:

1. Open 'WSN_SampleProject' folder.
2. Check where 'python.exe' is present and use that path to run 'PlotAll.py'. For example, if 'python.exe' is located in 'C:\Python27', use the path as shown in Fig. 5.

EFY Note

The source code of this project and WSN_White Paper.pdf are included in this month's EFY DVD and are also available for free download on www.efymag.com website.

After each simulation, if needed, copy the plots and metrics files and save them in another folder before running the next simulation, as these files will get overwritten.

Now open 'Output' folder mentioned above. You will find the plots for beta, Pdiscard and throughput. These plots will give you the overall idea and status of the network. ●

Pranav Viswanathan, a B.Tech from IIT Madras, is a business manager at TETCOS. His interests include modeling and simulation, and wireless communication. Shashikant Suran, a B.Tech from IIT Kharagpur, is a senior developer at TETCOS. His interests include cognitive radio and wireless sensor networks. Tarun Krishna is a final-year student, IIT Madras, with interests in wireless sensor networks

EFY BOOKS SERIES

Books For You!

Rs 180/- (with CD)
By Gp. Capt. (Retd) K.C. Bhasin
Working principles, common faults and remedies, plus simple testing procedures

Rs 60/-
By D. Venkatasubbiah
Clears many misconceptions and doubts about small batteries and cells

Rs 75/-
By Rajesh Verma
Explains basics of electronics besides Ham radio and Citizen Band

Rs 80/-
By Gp. Capt. (Retd) K.C. Bhasin
Instructions for 40 popular and tested electronic hobby projects, plus much more

Rs. 300/- (with CD)
An application-oriented and resourceful book for engineering students, hobbyists, teachers and practicing engineers alike

Rs. 300/-
Collection of 60 simple projects, highly useful for engineering students, Teachers & Hobbyists
