

WWW.SUNROM.COM

Powerline Modem

Transmit serial data of 9600 bps over AC power lines cables for remote control and sensor readings

Model:1187

2,500/-

Data Logger SD

Logs analog/serial data to Memory Card

Model:1111/1257

1,500/-

Color Sensor

16 million colors, Serial out, PC Software

Model:1185

550/-

89 Programmer

USB Programmers, Reliable, Low Cost

Model:1100/1118

from 750/-

GPS Receivers

Different types TTL/RS232/Active Antenna

Model:1213/1141/1216

from 2,800/-

Soil Moisture Probe

Analog + Serial Out, Digital Probe

Model:1282

1,600/-

WAV Audio Player

Model:1200 1,500/-
CD Quality playback from SD Memory Card

Speech Recognition

HM2007 based excellent product

Model:1180

6,000/-

Ultrasonic Distance

Many types Serial/PWM/Display option

Model:3719/1166/1127

from 950/-

PIC Programmer

USB with ZIF Socket, Easy to use, Reliable

Model:1164/1221

from 1,600/-

AVR ISP Programmer

Works with AVR Studio, USB, Reliable

Model:1138/1203/1109

from 650/-

AVR Webserver

ATMega32 + ENC28J60 with source code

Model:1160

3,500/-

Development Boards

C51/AVR/PIC Quick Start Boards

Model:1265 / 1264B

from 1,200/-

Microchip PICKIT3

Model:3773 3,800/-
Original Programmer/Debugger for PICs

Fingerprint Sensor

Simple to use with AT89S52 Source Code

Model:1125

5,000/-

Heartbeat Sensor

Simple to use with AT89S52 Source Code

Model:1157/1260

1,450/-

Data Acquisition

USB based Simple to use, Low cost

Model:1169/1230

from 850/-

IR/RF Remote Control

4/8 CH IR and RF Remote Controls

Model:1135/1136

from 750/-

RS485/RS422 Conv.

Various interface options RS232/USB/TTL

Model:1134 / 1153

from 550/-

LED Matrix Display

48x8 Dots, Serial UART input

Model:1113

1,750/-

Load Cell Digitizer

Model:1190 1,200/-
Serial Output for weigh scale applications

RF Wireless Serial

Reliable serial transmit/receive at 2.4GHz

Model:1124/1197/1215

from 600/-

ECG Sensor

Analog + Pulse Output for MCU or PC Interfacing with demo source code

Model:1181

1,650/-

Touch Screen

Resistive Touch Screen with Serial Output

Model:1255/1256/1167

1,200/-

Wireless Alarms

PIR Motion, Door Break, Remote Keys

Model:3779/3780/3778

from 500/-

OLED Display

128x64 High Contrast, Day view, Low Power

Model:1258/1259

900/-

Serial to Ethernet

Access far serial UART on PC through LAN

Model:1254

2,500/-

Blood Pressure Sen.

Model:3765 3,200/-
Analog Output with Display

Our product range includes various Sensors, GPS, GSM, RFID, Remote Control, Device Programmers, Wireless Data, Bluetooth, Ethernet, DTMF, USB to RS232/RS485 Converter, MP3 Decoder, Load Cell, SMD Adapter, Reflow Oven Controller & Power Control. We offer Quantity Discount: 5+=5% 10+=10% 100+=20% (We sell directly through site not through dealers)

Visit our website **SUNROM.COM** for over 300+ quality products

- ✓ Detailed Datasheet in PDF (Enter Model in Search on SUNROM.COM)
- ✓ High Quality Products with Warranty, Documentation, Sample Code & Support
- ✓ Fast Technical Support & After Sales Service (Free Shipping back for Repairs)
- ✓ Easy Order Placement and Payment Mode online or offline on sunrom.com
- ✓ Order ships within 24 hours by Courier/Speed Post
