

VINAYAK R. ADKOLI

"Hello earth station... Try to understand... It is not a spam signal... Actually investigation is astonishing... Gold found in plenty just 5m deep from crust of Jupiter..."

"After UPS, our company is launching another e-product... Uninterrupted Internet Supply (UIS) to protect banks, software companies, cyber cafes etc from frequent non-connecting busy servers, slow downloads etc..."

"Another new e-mosquito destroyer... Yes this updated version is operated by Bluetooth and Wi-Fi and signals are sent by municipality..."

"Remember for the time being we have got fully computer-based cooking system in schools... Within next few years we have plans to adopt Internet-based cooking system..."
