

Wireless Optical Mouse

The contoured shape mouse provides great cursor control for browsing up to a working distance of 10 metres

Taiwan-based company Genius has introduced a new wireless optical mouse-NS-6015. Featuring a precision 1000 dpi optical engine, NS-6015 provides great cursor control for browsing documents or Internet pages.

The contoured shape is suitable for either hand and the gentle curved side gives one hand the support and comfort one needs for all-day use. It is priced at US\$ 12.9 and comes with a three-year warranty.

A convenient battery compartment design that fits either an AA or AAA battery or a power switch is added to extend the battery life. With an AA battery, one can use the mouse for up to ten months.

The bi-directional 2.4GHz anti-interference technology ensures a reliable working distance of up to 10 metres. NS-6015 comfortably fits on-the-go lifestyle and is an ideal companion for a PC or a laptop. It is available in three standout colours—metallic red, blue and sky blue.
